WILLIAMS GLAD GARDENS

319 Washington Road, West Barrington, R. I.

Dear Glad Friends: As planting time approaches you will be thinking about additions to your collection, and you surely will want some new varieties, both to take your mind off of rationing with its curtailments and annoyances, and also to add interest to your plantings.

We are offering, herewith, a fine assortment of State inspected bulbs, varieties which we have grown and which have given us much pleasure in growing; we submit them for your approval.

Orders for \$1.00 or more will be prepaid anywhere in the U. S. 12 bulbs sold at 10 times the single price, with 6 bulbs at the dozen rate. If you are interested in bulblets, ask for them and some will be included with each item ordered without extra charge, excepting only the newer high priced varieties. 25 Jumbo bulbs assorted, but not labeled for \$1.00 express collect. No wholesale list issued.
